PERSONAL DETAILS

Date of birth: 20/11/1996

Nationality: Iranian

Italy (Home)

Gender: Female

ABOUT ME

UX/UI Designer with experience creating mobile apps, web platforms, and digital products from user research to high-fidelity interfaces. Skilled in user research, user flows, wireframing, prototyping, and design systems using Figma and Sketch. Currently completing a Master's degree in Design for the Built Environment with a focus on Digital Design and assistive interaction. Graduate of the Apple Developer Academy, where I designed and contributed to published iOS applications while collaborating with multidisciplinary teams in fast-paced, project-based environments.

SKILLS

UX & PRODUCT DESIGN

Figma • Sketch • Responsive Design • Miro • Wireframing • Prototyping • User research• UI Components • Design Thinking • User Flow • Design Systems • User Centered Design

DEVELOPMENT

IOS(Swift) • HTML • CSS • WordPress • Elementor • Git • GitHub • VS Code • Framer

AI TOOLS

Figma Make • Claude • Claude Code • Gemini • Codex • ChatGPT

ARCHITECTURAL & VISUAL

Adobe Illustrator • Adobe Photoshop • Adobe XD • Microsoft Office • Autodesk (Autocad, 3D Max, Revit) • lumion

WORK EXPERIENCE

Hybrid Design Lab Naples, Italy — Web Designer 01/10/2024 – 30/03/2025

• Redesigned and optimized the Hybrid Design Lab website for responsive use across desktop, tablet, and mobile devices.

• Added and organized new content using WordPress and Elementor, improving content structure and maintainability.

PROJECTS

ALS Eye-Tracking Interface (Master's Thesis – In Progress)

Designing an assistive system that uses eye-tracking technology to help people with ALS communicate and interact independently.

Mahome(UX Case Study)

End-to-end UX case study for a property platform, from user research and personas to wireframes and high-fidelity prototyping in Figma.

https://gitaghodsi.framer.website/projects/mobile-app-case-study

Pickberry

iOS color design suite featuring real-time color extraction, pigment mixing, and contrast testing, built with SwiftUI and ARKit.

https://apps.apple.com/it/app/pickberry/id6775496412?l=en-GB

ShiftDrift (Apple Developer Academy)

iOS sleep app for shift workers. Led UX/UI design from research to prototype, translating user insights into 3 core sleep-planning and relaxation features.

https://apps.apple.com/it/app/shiftdrift/id6776306036?l=en-GB

Dodo For Eyes

iOS eye-wellness app combining guided eye exercises with mini-games. Designed the end-to-end UX/UI and contributed to development using Swift.

https://apps.apple.com/it/app/dodo-for-eyes/id6766024860?l=en-GB

EDUCATION AND TRAINING

Product Design & iOS Development At Apple Developer Academy 01/10/2025 – 30/06/2026 | Naples, Italy

Master's in Design for the Built Environment University of Federico II 20/09/2022 – CURRENT | Naples, Italy

Thesis Designing assistive eye-tracking interaction for people with ALS, accessibility, interaction design, and inclusive technology

Bachelor's in Architectural Engineering University of Seraj 20/09/2017 – 30/07/2021 | Tabriz, Iran
